Programs and Resources

Construction/Disaster Response

Disaster Response mission teams include Early Response Teams (ERT) as well as long term recovery teams. These teams are primarily construction-related. Missioners on ERTs receive specialized training.

Peru, 2018

West Virginia, 2018

Discover...Mission

Discover...Mission teams focus youth and young adults on United Methodist mission journeys of discovery to stretch their faith and service in the USA and internationally.

Kenya, 2018

Community Health

Community Health Mission Journeys focus on principles of Community Based Primary Health Care and encourage cooperative teaching and learning of basic personal health maintenance.

TeachUM

Educators are needed everywhere! Missionaries might teach in a classroom, offer Vacation Bible School, teach skills for life enrichment (sewing, welding, etc.), or educate lay pastors in new church starts.

Mexico, 2018

Our Mission

The mission of the North Central Jurisdiction UMVIM is to promote best practices as representatives of Jesus Christ and the United Methodist Church while on a mission journey or as an individual volunteer.

This is accomplished through serving as a resource to Conference UMVIM and Disaster Response Coordinators and to establish and promote project sites in the United States at the invitation of the United Methodist Conference in which each project resides, and to train United Methodists to be leaders in missional connection.
